Volume Lower

TORONTO (CP) — Industrials improved slightly at the close but remained off on the day as the stock market dropped back in light trading.

Industrials at one point lost almost 2¾ points on index but recovered one point of this at the close. Base metals were down around one-half and golds were off a few decimal points. Western oils slipped from their high but retained a few decimal points lead on the session.

The final volume was 4,289,000 shares, well below Wednesday's 6,212,000. It was the lightest day since March 2. Speculative issues were not overly active. Radiore had the best gain, up 10 cents at $1.43.

Among industrials papers were the major losers. Newsprint production in February was reported lower than in February, 1958.

Of the most active industrials three lost, two gained. General Development had the best gain, up 8⅝ at 67¼. Ford Motor was up 2⅛ and Ford A gained 1½ as new car sales were reported higher both in Canada and the United States.

Juniors were weak in a 10-cent range among golds and the section lost despite a ½ gain at 33 by Hollinger. Canadian gold kilo bars were quoted at $34.12 to $34.17.

Western oils gained slightly. Calgary and Edmonton had the best advance, up ½ at 31. Pembina added ⅝ at 10½. Among lower priced oils National Pete added 40 cents at $4.45.
